

INCENTIVES APPLICATION
Richardson Economic Development Partnership
(City of Richardson & Richardson Chamber of Commerce)

The information requested on this application will be used to estimate an expanding or relocating company's eligibility for various incentives offered at the local and state level. This information will enable the Richardson Economic Development Partnership, a joint effort of the City of Richardson and the Richardson Chamber of Commerce, to determine which incentives might be applicable to the project and to estimate the dollar value of the incentives. However, no commitment for an incentive can be made except by the governmental unit offering the incentive. While reasonable effort will be made to keep the information confidential among appropriate members of the Richardson Economic Development Partnership, the information rendered on this Survey may, at some point in time, be subject to public disclosure.

In addition to this Application, the REDP may require a meeting with company officers in order to evaluate this incentives request.

Please observe the following guidelines in completing this Incentives Application:

Be as complete as possible: If a company's identity or a key piece of data is missing, it is difficult to make an accurate determination of incentive availability and amounts.

Be as objective as possible: Incentive agreements may contain "clawback" provisions which cause the company to forfeit its incentives, and possibly incur penalties, if projected employment numbers, capital investment targets or conditions are not met.
